

CHEATS 2024 [#8F.~K] TRAVEL TOWN FREE ENERGY AND DIAMONDS IOS

as mentioned in many other comments daily tasks are difficult to complete but can be accomplished in the following ways 1 play every few hours for 5 minutes each time pay for energy diamonds and or items i think these products are priced fairly thank you for your fun game you can also save space by gathering the same items moreover if you are running out of space then drag items to your spare inventory space as well as the board slots you can also purchase more spare inventory spaces select the dollar icon to sell items you do not need that is also a good way to free up more space merge games have one of the best retention and engagement rates at lower levels but both values drop over time it takes a week with some games and a month with the others the problem lies within the complex drawn out orders that players face as they progress which require merging high tier items those stall the game because you must keep grinding for days to complete a single quest and that affects the dynamics players realise immediately that they won t make it far during the game session which saps their motivation many people either stop playing entirely at this point or stop making in game purchases if you would like to stay up to date with trading requests i recommend subscribing to this post by clicking on the 3 dots menu and selecting subscribe mobile or clicking on
